Davis & Elkins College
DIVISION OF MATHEMATICS & NATURAL SCIENCE

The Davis & Elkins College biology curriculum is designed to promote an understanding of the process of scientific inquiry as well as an appreciation for the unity and diversity of life. The Biology major prepares students for graduate study in the biological sciences, as well as admission to professional schools of medicine (including veterinary), dentistry, pharmacy, and physical therapy.

UNIQUE COURSES

- Functional Histology
- Introduction to Neuroscience
- Animal Behavior
- Comparative Vertebrate Anatomy

GRADUATE SCHOOL PLACEMENTS

- University of Kansas
- Marshall University
- University of Oklahoma
- Virginia Commonwealth University

PROFESSIONAL SCHOOL PLACEMENTS

- Medical College of Georgia
- Mississippi State University School of Veterinary Medicine
- University of Nebraska College of Dentistry
- West Virginia School of Osteopathic Medicine

13:1

Student to Faculty Ratio

45 Undergraduate Programs

GRADUATE SUCCESS STORY

Katie MacGregor earned her Bachelor of Science degree in biology from D&E in 2008. She excelled academically, receiving the Biology Department Achievement Award in 2006 and the Honorary Scroll for highest graduating GPA in the sciences in 2008.

Katie earned her Doctorate in Medicine from the University of Ottawa in Ontario, Canada in 2012. She completed a family medicine residency in Ottawa and a clinical fellowship in sports and exercise medicine at the University of Calgary in Alberta, Canada.

Katie is now a sports medicine physician and clinical lead at the Acute Sport Concussion Clinic at the University of Calgary. In 2015, she helped launch the clinic which serves the public and campus athletes by providing awareness and medical care.
