ECONOMICS HIGHLIGHTS

The Davis & Elkins Economics degree helps students develop the knowledge and skills to better understand economic issues of great importance. Students will graduate knowing how to formulate a persuasive argument based upon economic analysis. Economic reasoning is the backbone of every vital business decision, and thus Economics majors are highly sought in academia and public/private sector jobs. The Bureau of Labor Statistics (BLS) projects the number of jobs in almost every career path in economics to grow at above-average rates over the next decade.

GRADUATE OUTCOME

D&E graduate, **Sebastian Leguizamon**, is currently an Assistant Professor of Economics at Western Kentucky University.

39 Undergraduate Programs

13:1 Student to Faculty Ratio
