

Since Davis & Elkins College's founding in 1904, gifts from individuals and organizations have played a crucial role in the development of the College. Senators Henry Gassaway Davis and Stephen Benton Elkins transformed their vision into reality by donating land and money, and by securing support from the Presbyterian Church. Throughout the years, alumni and friends have made gifts that have enabled the College to carry out its mission of providing a quality, personalized education, rooted in the liberal arts, to each new generation of students, meeting the challenges of changing times, changing technologies and an increasingly diverse student body. To recognize those whose outstanding, consistent support is sustaining and empowering the College in its second century of service, Davis & Elkins College created the 1904 Society. The College wishes to express heartfelt thanks to all who are furthering the mission of Davis & Elkins College by becoming a member of the 1904 Society.
