

Satisfaction of Employers and Employment

Supervisor Survey of New Teachers: Davis & Elkins Graduates

Along with the Exit Survey and the Transition to Teaching, the Supervisors Satisfaction Survey from the North Dakota State University NExT supports accreditation and program approval at both the state and national level through their alignment with both InTASC and CAEP accreditation standards. The items in the surveys are aligned with the InTASC standards, and therefore, support the state program approval and CAEP standard 1.1. In particular, the Supervisor Survey results provide strong evidence for CAEP standard 4.3. The NExT surveys meet validity and reliability standards.

Employers were asking to complete the survey regarding the D&E graduate completing his/her first year of teaching. The completion of the survey was voluntary. The indicators were taken from the NExT North Dakota University Survey.
