A MESSAGE FROM

PRESIDENT
CHRIS A. WOOD

PROSPECTIVE STUDENTS

College is a time to discover yourself. The person you are on your first day on campus will be vastly different from who you are on the day of your graduation.

As I was preparing to graduate from my West Virginia high school, I was not sure what I wanted to do with my life. I was also anxious about leaving home and striking out on my own. I needed a small college that would challenge me and yet nurture me. The best decision I ever made was to attend a liberal arts college that was committed to my success. That is exactly what awaits you at Davis & Elkins.

During your time at Davis & Elkins College, you will discover things you never dreamed. Some of these discoveries will occur in the classroom as you learn from our top-notch faculty. You will have opportunities to participate and lead in co-curricular activities such as student government, the arts, Greek Life, clubs, outdoor recreation and college athletics. You will make life-long friends and come to admire professors who you will appreciate the rest of your life. On the day of your graduation, you will be prepared and confident to live out an exciting and meaningful life. That is what awaits you at D&E.

Come to campus for a visit. Experience all that D&E has to offer to help you discover yourself!

Sincerely,

Chris A . Wood
President
