Davis & Elkins College
DIVISION OF NURSING

HIGHLIGHTS

- Robust nursing programs for 40+ years
- Dedicated, experienced, & supportive nursing faculty
- Small student-faculty ratio
- Small cohesive clinical groups
- Collaborative simulation center at Davis Medical Center easing to transition to practice
- Friendly, welcoming, family-oriented campus community

JOB PLACEMENT

- Hospitals
- Home Care Services
- Private Practice Doctors' Offices
- Insurance Providers
- Military
- Travel Nurse
- Nurse Manager
- Case Manager
- Research Nurse
- Nurse Educator

"I highly recommend D&E Nursing as the school of choice to obtain your bachelor's degree. The campus is beautiful, the Nursing Program is phenomenal, the teachers are great, and the nursing staff are like family. If I had a choice to obtain my bachelor's degree - D&E would be my number one choice. The D&E Nursing Program rocks and helped mold me into the Nurse I am today." - Annie Thorne, RN Advisory Council Member

13:1 Student to Faculty Ratio

45 Undergraduate Programs

BSN ADMISSION REQUIREMENTS

Admission to the nursing program is competitive. Applicants must be academically and psychologically prepared for admission. The number of students enrolled in clinical nursing courses is limited by the availability of clinical facilities, the number of faculty, and any relevant regulation established by the West Virginia Board of Examiners for Registered Professional Nurses.

Applicants who are recent high school graduates must meet the following requirements in addition to the college entrance requirements:

- Cumulative GPA of 3.0
- Completion of 8 credits of Anatomy and Physiology with a grade of at least a "C";
- Completion of the ATI Admission Assessment Exam with a minimum composite score of 64% taken in the summer
- Completion of the Assessment Technologies Institute, Inc. ® (ATI) Test of Essential Academic Skills (TEAS) with a minimum composite score of 64%. Students may only take the exam two times per academic year. The academic year is defined as fall/spring/summer. Students have a maximum of two academic years at D&E to complete all the requirements. Therefore, a student has a maximum of 4 attempts on the TEAS test to achieve a 64% or higher;
- Students who initially do not meet the requirements for admission to the nursing program may elect to be "pre-nursing" while they are attempting to meet requirements. If requirements are not fully met after a maximum of 2 academic years at D&E with completion of all requirements prior to August 1, the student will not be considered for admission to the nursing program; and
- The maximum number of students accepted into the nursing program is limited by the West Virginia Board of Examiners for Registered Professional Nurses.

Excellent nursing curriculum at an affordable cost!
