Davis & Elkins College
DIVISION OF BUSINESS & ENTREPRENEURSHIP

Accounting is the language of business that defines transactions so they can be used to describe business activities in a format that can be understood by decision makers and strategic planners. Faculty and adjuncts have backgrounds in business, nonprofits and governmental agencies, and prepare accounting graduates to sit for the CPA exam. Davis & Elkins College offers a bachelor's or associate's degree in accounting. Our unique hands-on coursework will prepare you for a rewarding and exciting career in the field.

POPULAR COURSES

- Governmental and Not-for-Profit Accounting
