- M.A. in Criminology

TESTIMONIAL

"“The D&E Criminology program prepared me to take on a position in criminal justice system by helping me to gain practical knowledge of how the system works. It prepared me to give detailed explanations for criminal behavior through the application of criminological theories, all of which are present and applicable in the work I do every day. My professors at D&E gave me both the framework and opportunity to succeed in my current position as a criminal intelligence analyst.” – Justin Wisniewski, Class of 2022
